Carports on residential Lots are prohibited. More than one driveway is prohibited with the width of the allowed driveway

As used herein, the term "residential purposes" shall be construed to prohibit the use of said Lots for duplex houses, garage apartments, or mobile homes and no Lot shall be used for business or professional purposes of any kind, nor for any kind of commercial or manufacturing purposes.

2. No buildings or structures, (other than a utility or storage building approved as above provided) or any additions thereto, or any alteration thereof, shall be constructed, renovated, or reconstructed or suffered to remain upon any lot or building site until the Architectural Committee hereinafter created shall have approved in writing the architect's detailed plans and specification, together with the outside color scheme, which plans and specifications must accurately reflect the size, floor plan and elevations of such structure including the type and quality of materials to be used in any improvements contemplated, together with an accurate plot plan showing the grading plan of the lot, the grade elevations of said buildings and structures, and the location of same with respect to the lot lines and front and side setback lines.

7. Improvements on interior lots shall be constructed with the front of the improvement facing the street on which the lot fronts. Improvements on corner lots shall be constructed with the front of the improvement facing the street from which the building set back line on the recorded plat of such lot is the greatest.

Neither Declarants nor any utility company using the easements herein referred to shall be liable for any damage done by them or their assigns, employees or servants, to shrubbery, trees or flowers or other property of the owners situated on the land covered by said easements.

9. No noxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may become an annoyance to the neighborhood.

10. No structure of a temporary character, whether trailer, basement, tent, shack, garage, barn or other outbuilding shall be maintained or used on any lot at any time as a residence, or for any

other purpose, either temporarily or permanently; provided, however, that Declarant reserves to itself and to any builder designated by Declarant, the right to erect, place and maintain such facilities in or upon any portions of the Properties as in its sole discretion may be necessary or convenient while selling lots, selling or constructing residences and constructing other improvements upon the Properties. Such facilities may include, but not necessarily be limited to sales and construction offices, storage areas, model units, signs, and portable toilet facilities.

11. An underground electric distribution system will be installed in that part of WESTLAND CREEK VILLAGE, SECTION ONE, designated Underground Residential Subdivision, which underground service area shall embrace all lots in WESTLAND CREEK VILLAGE, SECTION ONE. The owner of each lot in the Underground Residential Subdivision shall, at his own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of the electric company's metering on customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition the owner of each lot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the residence constructed on such owner's lot. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each lot therein shall be underground, uniform in character and exclusively of the type known as single phase, 120/240 volt, three wire, 60 cycle, alternating current.

12. No sign of any kind shall be displayed to the public view on any lot except one sign of not more than five square feet advertising

the property for sale or rent, signs used by a builder to advertise the property during the construction and sales period, and a "Yard of the Month" award sign, the design and size of which shall be prescribed by the Architectural Control Committee. No sign, either by resident or builder may be attached to trees.

13. No radio or television aerial wires or antennae shall be maintained on any portion of any residential lot forward of the front building line of said lot. No radio or television wires or antennae shall be placed or maintained on any residential lot to extend more than fifteen (15) feet above the top roof line of the main residence on said lot. No radio or other electronic transmitters shall be permitted on any lot, the operation of which may interfere with normal radio or television reception.

14. No drilling, oil development operation, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts, be permitted upon or in any lot. No derricks or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

15. All lots shall be kept at all times in a sanitary, healthful and attractive condition, and the owners or occupants of all lots shall keep all weeds and grass thereon cut and shall in no event use any lot for storage of material and equipment except for normal requirements or incident to construction of improvements thereon as herein permitted, or permit the accumulation of garbage, trash or rubbish of any kind thereon and shall not burn any garbage, trash or rubbish except under such conditions as permitted by law. All trash storage is to be behind fences or in the garage except on the regularly scheduled collection days. In the event of default on the part of the owner or occupant of any lot in observing the above requirements, or any of them, such default continuing after thirty (30) days written notice thereof, the Association, or its agent may, without liability to the owner or occupant in trespass or otherwise, enter upon said lot, but or cause to be removed such weeds, garbage, trash and rubbish or do any other thing necessary to secure compliance

with these restrictions, so as to place said lot in a neat, attractive, healthful and sanitary condition, and may charge the owner or occupant of such lot for the cost of such work. The owner or occupant, as the case may be, agrees by the purchase or occupation of the property to pay such statement immediately upon receipt thereof. To secure the payment of such charges in the event of non-payment by the owner, a vendor's lien is hereby and herein retained against the above described property in favor of the Association or its assignee but inferior to any purchase money lien or mortgage. Such vendor's lien shall be applicable and effective whether mentioned specifically in each deed or conveyance by Declarant or not.

16. No animals, livestock or poultry of any kind shall be raised, kept, or bred on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purposes. Notwithstanding the foregoing, no animals or fowl may be kept on the property which results in an annoyance or are obnoxious to residents in the vicinity. Owners shall be responsible for the wastes from their animals in residential, recreational and street areas.

17. No fence, wall, vehicle, hedge, shrub planting or other objects which obstructs sight lines at elevations between two (2) and six (6) feet above the roadway shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstructions of such sight lines.

18. No fence, wall, or hedge shall be placed or permitted to remain on any of said lots in the area between any street adjoining same and the front and/or side building line. Further, no fence or wall shall be constructed that exceeds six (6) feet in height unless

prior approval is obtained from the Architectural Control Committee, hereinafter created, and the erection of a chain link fence facing upon a street is expressly prohibited.

19. No trucks, vans, passenger cars or any other vehicle will be permitted to park on streets or on drives in front of residences for longer than a 24 hour period. No vehicle will be permitted to park on unpaved surfaces of any lot at any time. All boats, trailers, commercial duty vehicles and any other vehicle with commercial logos or signs must at all times, be parked inside the garage with the door completely closed. ✱

20. No room or window type air-conditioning unit may be placed or permitted to remain in any structure on any lot unless such unit is not visible from the adjoining street or streets.

21. Except for a driveway and rear patio no part of a lot surface shall be paved or covered with other hardened surface without the written approval of the Architectural Control Committee.

22. Any planting done within the area on any lot between the street adjoining same and the front and/or side building line, with the exception of grass, decorative landscaping and associated bordering, must have the written approval of the Architectural Control Committee.

ARTICLE III

ARCHITECTURAL CONTROL COMMITTEE

No building shall be erect. , placed or altered on any of said lots until the building plans, specifications and plot plan have been approved in writing as provided in Article II, Section 2, above, by a committee composed of J. DICKSON ROGERS, JOHN S. DUNN, JR., and HENRY J. MARTYN, III, or a representative designated by a majority of the members of said committee. In the event of said committee, or its designated representative, fails to approve or disapprove such design and location within sixty days after said plans and specifications have been submitted to it such approval will not be required and this covenant will be deemed to have been fully complied with. Neither the members of such committee not its designated representative shall be entitled to any compensation for services performed pursuant to this covenant.

In the event of death or resignation of any member or members of said committee, the remaining member or members shall appoint a successor member or members, and until such successor member or members shall have been so appointed, the remaining member or members shall have full authority to approve or disapprove plans, specifications and plot plans submitted or to designate a representative with like authority.

The duties and powers of the Architectural Control Committee and of the designated representative shall cease on and after ten (10) years from the date of this instrument, and thereupon all of such duties and powers shall pass to, and vest in, the Association.

ARTICLE IV

WESTLAND CREEK VILLAGE COMMUNITY ASSOCIATION

Section 1. Membership. Every person or entity who is a record owner of any of the Properties which are subject or which will be subject upon the completion of improvements thereon, to maintenance charge assessment by the Association, including contract Sellers, shall be a member of the WESTLAND CREEK VILLAGE COMMUNITY ASSOCIATION. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation or those having only an interest in the mineral estate. No owner shall have more than one membership. Membership shall be appurtenant to and may not be separated from ownership of the land which is subject to assessment by the Association. Ownership of such land shall be the sole qualification for membership.

Section 2. Voting Rights. The Association shall have two classes of membership:

Class A. Class A members shall be all those Owners as defined in Section 1, with the exception of the Declarant. Class A members shall be entitled to one vote for each Lot in which they hold the interest required for membership by the above Section 1. When more than one person holds such interest in any Lot, all such persons shall be members. The vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot.

Class B. The Class B member shall be M.C.V., INC. and YORK

DEVELOPMENT CO., the Declarants herein. The Class B member shall be entitled to three (3) votes for each Lot in which it holds the interest required for membership by the above Section 1; provided, however, that the Class B membership shall cease and be converted to Class A membership on the happening of either of the following events, whichever occurs earlier:

(a) When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership or

(b) On January 1, 1988.

The Class A and Class B members shall have no rights as such to vote as a Class, except as required by the Texas Non-Profit Corporation Act, and both classes shall vote together upon all matters as one group.

Section 3. Non-Profit Corporation. WESTLAND CREEK VILLAGE COMMUNITY ASSOCIATION, a non-profit corporation, has been organized; and all duties, obligations, benefits, liens, and rights hereunder in favor of the Association shall vest in said corporation.

Section 4. Bylaws. The Association may make whatever rules or bylaws it may choose to govern the organization, provided that same are not in conflict with the terms and provisions hereof.

Section 5. Inspection of Records. The members of the Association shall have the right to inspect the books and records of the Association at reasonable times during the normal business hours.

ARTICLE V

MAINTENANCE CHARGE

1. Each Lot in WESTLAND CREEK VILLAGE, SECTION ONE is hereby subjected to an annual maintenance charge and assessment, for the purposes of creating a fund to be designated and known as the "Maintenance Fund", which maintenance charge and assessment will be paid by the Owner or Owners of each Lot within WESTLAND CREEK VILLAGE, SECTION ONE to WESTLAND CREEK VILLAGE COMMUNITY ASSOCIATION on or before January 1, of each year, in advance annual installments, commencing on the first day of January, 1980; provided, however, that the amount of such maintenance charge and assessment shall, anything to the contrary herein notwithstanding, be chargeable and payable by the owner or owners of any Lot at one-half ($\frac{1}{2}$) the assessed rate until the first

day of the month following completion and occupancy of a permanent residence thereon. The rate at which each lot will be assessed will be determined annually, and may be adjusted from year to year, by the Association as the needs of the subdivision may, in the judgment of the Association, require; provided that such assessment will be uniform and the initial maximum amount of such assessment shall be \$15.00 per lot per month, or \$180.00 per year, however, such assessment maximum may be increased each year by a sum not to exceed 6% of the maximum assessment for the previous year.

The maintenance charges levied by the Association shall be paid to the Association and shall be held by it in trust and used for the benefit of all owners in WESTLAND CREEK VILLAGE and such sum may be expended by the Association for any purpose, which in its judgment will be most effective in maintaining the property values in WESTLAND CREEK VILLAGE and may include, by way of clarification but not by way of limitation, the lighting, improving and maintaining the streets and roads in WESTLAND CREEK VILLAGE, collecting and disposing of garbage, as or other refuse in WESTLAND CREEK VILLAGE, employing policemen and/or watchmen, caring for vacant lots and trees thereon, fogging or spraying for control of mosquitoes and other insects, constructing and maintaining recreation facilities, and in doing any other thing necessary or desirable which in the opinion of the Association, will keep the property neat and presentable or for any other purpose which the Association considers will be of general benefit to the owners or occupants or property in WESTLAND CREEK VILLAGE, it being understood that the judgment of the Association in the expenditure of said funds shall be final and conclusive as long as such judgment is exercised in good faith.

2. To secure the payment of the maintenance fund established hereby and to be levied on individual Lots, there shall be reserved in each deed (whether specifically stated therein or not) by which the Declarant shall convey such lots, the Vendor's Lien for benefit of the Association, said lien to be enforceable through appropriate proceedings at law by such beneficiary; provided, however, that each such lien shall be secondary, subordinate and inferior to all liens

present and future given, granted and created by or at the instance and request of the Owner of any such Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the construction of improvements on any such lot to the extent of any such maintenance fund charge accrued and unpaid prior to foreclosure of any such purchase money lien or construction lien; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, for the aforesaid purpose or purposes, the Association shall give the holder of such mortgage lien sixty (60) days written notice of such proposed action, which notice shall be sent to the nearest office of such first mortgage holder by prepaid U. S. registered mail and shall contain a statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, the Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular Lot covered by such mortgage lien to the holder thereof.

3. The above maintenance charge and assessment will remain effective for the full term (and extended term if applicable) of the within covenants.

ARTICLE VI

ADDITIONAL SECTIONS OF WESTLAND CREEK VILLAGE

It is contemplated that additional adjoining properties may be hereafter subdivided into one or more additional Sections of WESTLAND CREEK VILLAGE. In this connection, it is also contemplated that such additional Section of Sections will, when so subdivided, be subjected to restrictive covenants comparable to those and specifically to a maintenance charge identical to the one herein established, and that thereupon the owner in such additional Sections will become members of the Association pursuant to the terms of this Declaration and of the Articles of Incorporation of the Association. It is therefore provided that appropriate reference to this Declaration shall be made in the restrictive covenants and maintenance charge imposed upon any such additional Section thereby adopting the provisions of this instrument to the end that the restrictions and Maintenance

Charge imposed upon all Sections be construed and administered collectively and in harmony with each other.

ARTICLE VII

SPECIAL PROVISION

Prior to occupancy of any residence constructed on any lot in the subdivision there shall be constructed on such lot a concrete sidewalk 4 feet wide, such sidewalk to be along the front property line of the lot and along the street side line if such lot be a corner lot.

ARTICLE VIII

GENERAL PROVISIONS

1. These covenants shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of forty (40) years from the date these covenants are recorded after which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless an instrument signed by a majority of the then owners of the Lots has been recorded, agreeing to change or terminate said covenants in whole or in part. Upon any violation or attempt to violate any of the covenants herein, it shall be lawful for the Association or any other lot owner to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and either to prevent him or them from doing so or to recover damages or other dues for such violations.

2. Invalidation of any one of these covenants by judgment or other court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

3. As long as there is a Class B membership in the Association no amendment or modification of this Declaration may be made without the approval and consent of the Federal Housing Administration and/or the Veterans Administration.
